

2013 Spring Livestock Show & Fair Honorees

FGH Insulation

The Grein Family

It all started in 1985 when past Spring Tri-Club President, Danny Kelly invited Leo and Margaret Grein, owner of FGH Insulation to be a buyer at the show. Who would have imagined that one single invite would turn into something so great.

Now that one invite has grown into three generations of the Grein family attending the Spring Tri-Club as buyers every year. It started out with Leo, their father, then his sons, Jimmy, Darrell, Paul & Robert. Now Robert Grein attends the show along with his kids, Jarrod, Lauren, and Daniel Grein. That one invite grew into many generations of love to keep returning to our show as buyers. FGH Insulation has been in the Top Ten Buyers for more than we have on record.

The interesting fact about the Grein Generations being buyers at our show, they never had a kid or family member participate in Spring Tri-Club.

When we asked Robert Grein why they keep coming back to our show, he replied "We keep coming back for the kids."

The Grein Family has impacted many kids and families throughout the years they have attended our show. Mrs. Jolly states "The Grein Family are never there for the personal recognition. They are always there because of their love and dedication to those kids."

FGH Insulation Company is a commercial insulation contractor and distributing company that was established in Houston, Texas in 1969. FGH Insulation Company is one of the leading insulation companies on the Gulf Coast of Texas. They have completed jobs in San Antonio, Conroe, Galveston, Freeport, Kingwood, and all over the Houston area. FGH Insulation Company also handles all types of HVAC and plumbing applications.
