Spring Tri-Club Judges & Judging Procedures

Approved 1994

The President of Spring Tri-Club will establish a committee to locate judges. At the September meeting, a request for suggested livestock judges will be made. If you have any suggestions, please furnish names, addresses and phone numbers. The committee will then meet after the September meeting and have a report ready at the October meeting on whom they feel can judge the show.

At the October meeting a vote will be taken on approval of judges and the committee will confirm the judges before the November meeting and report at the November meeting.

We should have all judges no later than the December meeting.

No person shall show disrespect to or interfere with a judge. The people working the ring should only answer judge's questions about weight and ages. All other questions should be referred to the Livestock Chairman or President.

The Show Ring will be controlled by the judge. Each judge will be instructed on what we must have out of his classes. He/she will determine how they want to judge to furnish us with the winners.

“Selection Rules (Tag-In) Large Animals (Swine, Goats, Lambs)”

Approved 2021

1. Large market animals will be selected on the dates and at the times set forth.
2. Exhibitors will sign up as they arrive at tag-in.
3. Exhibitors will be assigned a selection order using a random number generator. Project selection will be conducted in order of the numbers drawn.
4. Project selection will start at the time set forth, or as designated by the Spring Livestock Show.
5. Each exhibitor along with one (1) adult may select the large animal project. An adult is defined as anyone who is at least 18 AND has graduated from high school.
6. Every exhibitor and/or parent/legal guardian will have an hour before the selection process begins to look at the animals if they choose.
7. At each exhibitor’s turn, the exhibitor and parent/legal guardian will have a 5-minute preview outside the pens. Then a maximum of ten (10) minutes will be allowed for project selection inside the pen. Any exhibitor who fails to select his/her animal project in the allotted ten (10) minutes shall relinquish his/her turn and next person selecting can make their selection. The exhibitor will then go to the end of the selection process.
8. If the exhibitor is unable to attend on the date/time of the selection, he/she may have a parent/legal guardian select for them. However, the parent/legal guardian will automatically select at the end of the exhibitors signed in on time. If more than one exhibitor is unable to attend the selection, the parents/legal guardians will select in order of sign in.
9. If neither the exhibitor nor his/her parent/legal guardian can attend, then a project will be selected by a Spring Livestock Show representative by means of a random drawing, after all attending exhibitors have made their selections. Approval must be granted in advance by the Spring Livestock Show board. Exhibitors must designate a responsible party to take possession of and sign for the animal project. Spring Livestock Show will not be responsible for the project once it has been signed for and removed from the show grounds.

10.If the exhibitor/parent/legal guardian does not attend or the designated representative does not have written authorization for the large animal selection, the purchase price and entry fee will be forfeited, and the animal will become property of the Spring Livestock Show.

11.All large animal projects (lambs, goats, swine) will be tagged after the completion of the selection process. Exhibitors will be responsible for verifying that their projects are properly tagged before departing the show grounds.

12.Selection order will go as follows:

- a. Draw order for all entries,
- b. Parent of absent exhibitor from early/ in person entries (draw for order if more than one),
- c. Late sign in (if arrival is before the end of selection)
- d. Spring Livestock Show Committee chooses for anyone not present to select.

Spring Tri-Club Procedures for the Swine Show

Approved 1996 Revised 5/98

The Spring Tri-Club rules give the Livestock Committee two ways to handle the show.

As rule 4 in the Market Swine Category indicates.

Classes will be divided by natural weight breaks with no more than 15 animals per class.

Sale order will be selected by having all 1st place class winners return and compete for Champion. As the swine are selected the next placing swine in that weight will be allowed to compete. We will follow this procedure until we have selected the Sale Order and Alternates.

Swine may be classed by the following breeds: Duroc, Hampshire, Yorkshire, Crossbreed and OPB (Other Pure Breeds).

Procedure for the Swine Breed Show and Sale Order selection:

1. At time of entry, each exhibitor is requested to identify the breed of their swine. (This information will be used to help organize the show).
2. Show Breed Classification will be done by a classifier that is approved by the Spring Tri-Club Membership of Executive Committee. The decision on the Classifier will be done before the Regular February Meeting.
3. Breeds will be those listed in the official Rule Book.
 - Classes will be determined as follows:
 - Breeds with 1-7 swine will show as 1 class
 - Breeds with 8-20 swine will show as 2 weight classes.
 - Breeds with 21 and greater will show in at least 3 classes.
4. Each breed will be placed to a maximum of 15 places.
5. Selection of Sale Order:
All 1st place Breed Swine will compete for Champion. As a swine is selected the next placing swine in that breed will be allowed to compete. We will follow this procedure until we have selected the Sale order and Alternates.
6. Showmanship will be left to judge on How to Handle Contest. We will announce procedure before the swine show starts.

Spring Tri-Club

Entry

Approved August 2014

Over recent years a question has come about the Breeding Livestock entry procedure. The following will explain this process:

1. Each Breed Association registration certificate (copy) on goats and heifers must be submitted. American Breed Cross (ABC) heifers must present a copy of the Texas Club Calf Association (TCCA) certificate of registration.
2. To follow this rule, each exhibitor must submit their official registration paper or a copy for review at entry. The official entry person will confirm that the DOB, Tattoo numbers and/or brand and ownership complies with Spring Tri-Club Rules. You must also present the official Breed Association Registration Certificate at Check-In at the Spring Tri-Club Show. A copy can only be used for scramble animals or livestock contest winners. Note: all breeding entry papers will be checked 30 minutes before the show begins and the exhibitor must be present. All identifying markers on the registration papers must also be on the animal and legible to the livestock committee.

Please remember that failure to comply with rules will keep you out of the show.

Spring Tri-Club Annual

“Sale of Champions”

Terms of Sale

- Bidding:*** All animals sell to the highest bidder. Any disputes or questions regarding bids will be settled by the auctioneer, and his decision will be final.
- Financial:*** By bidding in the “Sale of Champions” the buyer has entered into a financial Agreement with Tri-Club for the Obligation: purchase of any sale lot sold to them, upon the final tap of the gavel by the auctioneer.
- Purchase:*** All buyers are required to register before the sale and fill out an information card. The sale confirmation sheet confirmation must be signed by the Buyer and include information concerning the processing or delivery of the project and the purchase price.
- Processing:*** The buyer is responsible for their own choice of processor and once the animal is delivered to the processor in buyer’s name, the processor becomes liable to the buyer. The buyer is responsible for all processing charges. For your convenience we will have processors available to haul your purchases to their processing plants.
- Donated:*** Full purchase price of donated animals is tax deductible. Please indicate the name and address of the person (NOT EXHIBITOR), or club to which the animal is to be donated. Projects (animal) donated back to Spring Tri-Club will be resold and the money will go toward Scholarships.

Spring Tri-Club Procedures for the Silent Auction

Approved 1996

1. The **Silent Auction** will take the place of the private sale for the Arts, Crafts, Foods and Horticulture.
2. Each exhibitor will receive a form to be completed prior to check-in. This form will contain their name, exhibitor number, the exhibit number (these will be assigned) and will show what organization they are showing their item under, the category, and a brief description of the item (this will be used to make sure the items are entered correctly and to help identify the item after Judging is complete). This form will also ask if the exhibitor wants their item to be in the live auction, the silent auction, or if is not for sale. (Note: the LIVE AUCTION PROCEDURES, all projects listed must sale in the LIVE AUCTION). This will help organize things after Judging. They will also list the cost of the item and if they will only sell if the bid is a minimum amount (this will not guarantee that the item will sell for that, this will just insure nothing is sold for less than minimum).
3. Each item will be assigned an exhibit number, example: A craft item entered under category C1 may have a number such as C1-100, C1-101, etc. Each item entered will have its own number; this will also help with paper work. It will be pre-assigned from the registration sheets from February, so when the exhibitor checks in they will give us their completer form for each item. We will give them their item numbers at the time they pick up their exhibitor numbers.
4. **All items not selected to be in the LIVE AUCTION will be eligible for the Silent Auction just as the market livestock are for the private sale unless the exhibitor has chosen not to sell their item. After all judging is completed and all LIVE AUCTION items have been determined, all Arts, Crafts, Food and Horticulture items that are not being sold in the Live Auction or Silent Auction must be checked out on Friday and REMOVED from the SHOW GROUNDS. THIS MUST BE DONE BY 7:00 PM FRIDAY. Any items left unclaimed BECOME THE PROPERTY OF SPRING TRI-CLUB.**
5. The Silent Auction will begin Saturday morning for Arts, Crafts and Horticulture. The Silent Auction will end prior to the completion of the Live Auction on Saturday. The closing time will be announced during the Show and Sale.
6. During the Silent Auction, each item will have a sheet with the exhibitor's name, item number, exhibitors number, description and minimum bid amount (this

will be the cost of the item unless otherwise designated by exhibitor). It will also have a place for the bidder to sign their name, address, phone and amount of bid.

7. Once the bidding ends, the committee will go through and see who the buyers are and have these ready to claim after the Live Auction ends. **No one** will be able to come into the Arts & Crafts Room after bidding ends, except the designated committee members.
 - a. The items will be ready to be claimed and the bidders will come to the tables just outside the doors. They will request the items they bid on. At that time the committee will get their items and complete their paper work (the sale sheets will be ready for them to fill out their name, address, etc. and pay for their items).
 - b. This helps cut down on the confusion and help guarantee the items are being picked up and are being paid for by the correct parties.

The Silent Auction items may be claimed as soon as the bidding ends. All Silent Auction Items must be picked up no later than Sunday morning or they will be forfeited to the next highest bidder.

Spring Tri-Club

Scholarship Scoring

Remember:

1. Students must be Graduating High School Seniors residing in or enrolled in the Spring ISD.

Note: Graduating High School Seniors are students who have completed and passed all state and local requirements to receive their High School Diploma at the spring semester Graduation.

2. Each applicant must have participated as an active member of FFA, FCCLA or 4-H and have exhibited in the Spring Tri-Club Show for at least two (2) years as a high school student.

Note: The Spring Tri-Club Scholarship is a participation Scholarship, the more activities a student has been involved with the better. Give the student credit for their participation in the Tri-Club Show, set-up and clean-up, as well as any activities they have participated in as members of their Organizations. Please also take into consideration other activities the student has participated in at their respective schools.

3. Each applicant must have applied to a full four year college an approved junior college, or a Vocational School.

Note: Some of the community colleges do not require applications nor do they require ACT or SAT test, for enrollment. However a student planning on attending one of these schools should be able to tell this information in their interview.

A student that does not have any idea about where they are going to school, or about a vocational school, is probably not going to use the scholarship.

4. Each student has been requested to provide us with a Spring ISD transcript. This should be used to help you in those cases in which you cannot decide who is the stronger applicant.
5. Judging applicants should always be conducted as if you only have a limited amount of money.
6. At the end of all the interviews, Spring Tri-Club will ask each of the judges to place the applicants in order as if they were in a Show Ring.

7. We will then take your placing and apply a point system starting with the number 1 person on your list receiving the most points and going down to the last place person receiving 1 point. We will then add all judges scores together to put the applicants in order.
